Catholic Social Teaching. Reaching Out.

This Programme Pathway delivers the full programme over 3 terms every year. This means that the full learning stages are run twice (eg the full KS1 programme is run with Year 1 and then repeated with Year 2). We repeat the programme because children change and grow; their level of engagement will increase as they develop their social, moral, cultural and spiritual awareness and understanding. The learning will be embedded as children build upon what they have previously learned – a truly spiral curriculum. Some sessions can be omitted one year if the school feel that children are not quite ready, or they have surpassed that stage of learning; similarly, particular focus can be given to certain topics if it is felt that is needed.

Please see our school website/ Tenten resources for more detailed planning for each unit of work.

There is an additional calendar for collective worships for classes, key stages and whole school which is displayed in school. These take place across school daily and are a core part of the RE
