

Music development plan summary: St Francis Xavier Catholic Primary School

Overview

Detail	Information
Academic year that this summary covers	2024-25
Date this summary was published	July 2024
Date this summary will be reviewed	July 2025
Name of the school music lead	Emmeline Janvier
Name of school leadership team member with responsibility for music (if different)	Tom Hoyes
Name of local music hub	Doncaster Music Education Hub

This is a summary of how our school delivers music education to all our pupils across three areas – curriculum music, co-curricular provision and musical experiences – and what changes we are planning in future years. This information is to help pupils and parents or carers understand what our school offers and who we work with to support our pupils' music education.

Part A: Curriculum music

This is about what we teach in lesson time, how much time is spent teaching music and any music qualifications or awards that pupils can achieve. Our scheme of work (Kapow) fulfils the statutory requirements of the National Curriculum (2014). The National Curriculum for Music aims to ensure that all pupils:

- Perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of the great composers and musicians
- Learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence
- Understand and explore how music is created, produced and communicated, including through the inter-related dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations.

The intention is to help children to feel that they are musical, and to develop a life-long love of music. Each class teacher uses the scheme and adapts it to ensure every child can access and enjoy music within our school. Sequencing and progression are clear. We explore music through the inter-related dimensions of music: performing, listening, composing, the history of music. We focus on developing the skills, knowledge and understanding that children need in order to become confident performers, composers, and listeners. Children will develop the musical skills of singing, playing tuned and un-tuned instruments, improvising and composing music, and listening and responding to music.

Kapow Primary's Music scheme which has been designed as a spiral curriculum with the following key principles in mind:

- Cyclical: Pupils return to the same skills and knowledge again and again during their time in primary school.
- Increasing depth: Each time a skill or area of knowledge is revisited it, is covered with greater depth.
- Prior knowledge: Upon returning to a skill, prior knowledge is utilised so pupils can build upon previous foundations, rather than starting again.

Our curriculum introduces children to music from all around the world and across generations, thereby helping them to develop an understanding of the history and cultural context of the music that they listen to and teaching them to respect and appreciate the music of all traditions and communities.

Pupils are taught musical notation and how to compose music. Composing or performing using body percussion and vocal sounds is also part of the curriculum, which develops the understanding of musical elements without the added complexity of an instrument.

As children progress through the school, we expect them to maintain their concentration for longer and to listen to more extended pieces of music. Children develop descriptive skills in music lessons when learning about how music can represent feelings and emotions. We teach them the disciplined skills of recognising pulse and pitch. We often teach these together. We also teach children how to work with others to make music and how individuals combine together to make sounds.

Through music, our curriculum helps children develop transferable skills such as team-working, leadership, creative thinking, problem-solving, decision-making, and presentation and performance skills. These skills are vital to children's development as learners and have a wider application in their general lives outside and beyond school.

Implementation – In accordance with the National Curriculum, we ensure that coverage of knowledge and skills is developed sequentially throughout the school. We have adopted the Kapow Scheme, to ensure that children receive quality music lessons throughout the year – we cover 4 units in each year group. Music is taught as a discrete lesson.

We take a holistic approach to music, in which the individual strands below are woven together to create engaging and enriching learning experiences:

- Performing
- Listening
- Composing
- The history of music
- The inter-related dimensions of music

Each unit combines these strands within a cross-curricular topic designed to capture pupils' imagination and encourage them to explore music enthusiastically.

Kapow provides a classroom-based, participatory and inclusive approach to music learning. Throughout the scheme, children are actively involved in using and developing their singing voices, using body percussion and whole-body actions, and learning to handle and play classroom instruments effectively to create and express their own and others' music. Through a range of whole class, group and individual activities, children have opportunities to explore sounds, listen actively, compose and perform.

During music lessons, children are given opportunities to learn music-specific vocabulary in a meaningful context. The elements of music are taught in classroom lessons so that children are able to use the language of music to discuss it, and understand how it is made, played, appreciated and analysed. They will learn to recognise and name the

interrelated dimensions of music - pitch, duration, tempo, timbre, structure, texture and dynamics - and use these expressively in their own improvisations and compositions.

The children are given opportunities to apply their skills and given a chance for collaboration through composition.

Lesson Delivery – Within each music session there will be the following elements:

1. A clear Learning Objective with focused Success Criteria (some of which may be one or two of the Unit Success Criteria) which is used by both the teacher and the children to assess the lesson's work;
2. A recap or introduction starter which addresses prior learning or a game. It could also include attention grabbing starters that immerse the children in the theme of the music unit.
3. The children then are exposed to new learning or learning in their sequence and how it fits within our theme of work.
4. The children are then prompted with various assessment questions and questions to get them thinking a little deeper about the skills they have learnt.

Over the course of a unit, the lessons taught will include performance, composition, specific listening tasks, and giving and listening to appraisal and constructive criticism. At least part of each music session involves whole class activities with the opportunity for group work.

Kapow's Primary Music spiral curriculum allows for revisiting and consolidating skills. The lesson plans and resources help children build on prior knowledge alongside introducing new skills and challenge. Children progress in terms of tackling more complex tasks and doing more simpler tasks better, as well as developing understanding and knowledge of the history of music, staff, and other musical notations, as well as the interrelated dimensions of music and more.

Pupils progress in music is assessed and recorded each lesson on OTrack, the school's digital assessment platform.

Music in EYFS - We teach music in Foundation Stage as an integral part of the topic work covered during the year and as part of the specific area, Expressive Arts: Being Imaginative, identified in the Foundation Stage Framework (2014). We relate the musical aspects of the children's work to the objectives set out in the Early Learning Goals (ELGs).

Music contributes to a child's personal and social development. 'Counting Songs' foster a child's mathematical ability and songs from different cultures increase a child's knowledge and understanding of the world.

Model music curriculum - The DfE's Model Music Curriculum 2021 states that: 'In Years 3 or 4, it is recommended that each class should start a whole-class instrumental programme lasting a minimum of one term...Opportunities for development should continue beyond the mandatory term.' From September 2024, we will be using an expert music teacher to deliver a 10 week unit of recorders to our Y4 class.

Knowledge organisers - Knowledge organisers provide a summary of our intent for each unit of learning. They detail the key vocabulary that children will learn, alongside some key knowledge.

Planning - Our medium term plans shows which of the units cover each of the national curriculum attainment targets, as well as the strands within it, and which units cover which development matters statements and early learning goals for both prime and specific areas in EYFS.

The medium term plans also detail the progression of skills and knowledge within each year group to ensure that attainment targets are securely met by the end of EYFS, key stage 1 and key stage 2. Individual lesson plans include guidance on differentiation to allow all children to access the music lessons and subject specific guidance is provided for teaching staff to allow non-music specialists to teach with confidence.

Adaptation - We recognise that there are children of widely different musical abilities in all classes, so we provide suitable learning opportunities for all children by matching the challenge of the task to the ability of the child. We achieve this in a variety of ways by:

- Setting open-ended tasks which could have a variety of responses;
- Setting tasks of increasing difficulty (not all children complete all tasks);
- Flexible grouping
- Providing resources/scaffolds depending on the ability of the child
- Using teaching assistants to support the work of individuals or groups of children

SEND - We will strive to remove barriers to learning for pupils with SEND. Adopting a positive and proactive approach will ensure that children with SEND are able to express themselves and take an active part in lessons. Explicit instructions and scaffolding will enable all pupils to achieve and succeed in music.

Assessment - On-going Assessment for Learning practices within class and group sessions, including the sharing of and reference being made to Learning Objective. Assessments are used diagnostically by teachers to evaluate learning and inform teaching and by teachers and senior leaders to inform future provision and school development.

At the end of each term, the teacher makes a summary judgement about the musical skills and development of each pupil in relation to the National Curriculum or Foundation

Stage Framework which on OTrack – the school's digital assessment tool. Pupils' attainment in music is reported to parents in their end of year report.

Pupils in the Foundation Stage each have a Foundation Stage Profile where teachers record their progress in the Expressive Arts and Design area of learning.

Resources - We have a range of percussion instruments. There is a central store of:

- large percussion instruments
- selections of instruments from other cultures
- xylophones & glockenspiels
- keyboards & a piano
- Songbooks
- CDs
- music stands
- recorders
- drums
- Guitars

Part B: Co-curricular music

This is about opportunities for pupils to sing and play music, outside of lesson time, including choirs, ensembles and bands, and how pupils can make progress in music beyond the core curriculum.

Each week, the children take part in singing practice with the school music leader Miss Janvier. The pupils learn a wide variety of hymns which then feature in acts of collective worship both in class and as a whole school throughout the week.

The school offers a school choir as an afterschool club who then have the opportunity to take part in a range of performances including young voices, Masses, Nativity performances and acts of Worship, performances for parents and carol singing.

All Y4 pupils have the opportunity to learn the recorder in addition to the taught music curriculum.

Part C: Musical experiences

This is about all the other musical events and opportunities that we organise, such as singing in assembly, concerts and shows, and trips to professional concerts.

Pupils sing in assemblies and liturgies every week as part of typical practice. Pupils have the opportunity to take part in a range of performances including Nativity performance, class assemblies, carol singing and Young Voices. Pupils in Y1-3 attend a Pantomime performance annually. The pupils have the opportunity to attend our school choir after school club. All of these opportunities are subsidised by the school so that there is no cost to parents.

In the future

This is about what the school is planning for subsequent years.

- Introducing a termly music performance
- Offering instrument lessons as an after school club
- Introducing recorder lessons for all Y4 pupils
- To plan an opportunity for pupils to attend a live musical performance as part of the school personal development offer
- To partner with the local music hub in order to develop the quality of music provision offered in school.
- For music appreciation opportunities to be built into assemblies
